

Liberal Finance Service believes in providing a website that is digitally accessible and usable for people with disabilities. The Finance Company's website accessibility policy was designed to support its commitment to providing a website which allows persons with disabilities to have a full and equal opportunity to access the benefits provided by the website. Website enhancements are focused on improving the user experience for everyone while meeting the applicable accessibility standards. We have used W3C Web Assessment Initiatives (WAI) Web Content Accessibility Guidelines 2.0, Level AA standards as guidelines while creating this website.

Despite these efforts, it is possible that some website content may not adhere to the strictest accessibility standards as they are continually evolving. Liberal Finance Service does not operate or control any third-party websites found on our website.

Your feedback on the accessibility of our website is important to us. Please contact us if you encounter any accessibility issues and we will make a reasonable effort to address your concern.
